

The City of Sandy Springs' Department of Community Development (Code Enforcement Division) is responsible for the monitoring and compliance of all waste hauling activity within the city limits of Sandy Springs, Georgia. To ensure equitable and efficient application of the City's waste hauling regulations, the code enforcement division is hosting a training session to review and discuss the existing contractual requirements and recent enforcement activities. This training session will last approximately 2 hours and will cover several topics, including but not limited to; collection times, operating outside of the contract, vehicle and container identification and the variance process.

Scheduled date: September 28, 2010

Location: City Hall Municipal Court (Training Room)
7840 Roswell Road Sandy Springs, GA 30350

Time: 10:00 a.m. – 12:00 noon

Invitees: Current and Future Waste Hauler Contractors

Contact Information Tim Hardy, Code Enforcement Division:
(office) 770.206.1594 or (cell) 404.867.3496
